

HOW TO GET IVERMECTIN:

Step 1: go to www.lungcenterofamerica.org.

Step 2: Click on SCHEDULE IVERMECTIN located on the home page.

Step 3: Fill out the form on that page. In the ASK A QUESTION box, indicate that you need Ivermectin. **If you are currently ill with COVID or think you might have COVID indicate that very clearly.** If you just want to have Ivermectin on hand for "just in case" or for preventative (prophylaxis) purposes, indicate that too so they know if it's urgent or not.

Step 4: Indicate in the box you were REFERRED BY SEAN BURKE. (I get nothing from this - that is simply a code word to the doctor that it's coming from me and they will try to prioritize requests coming from me. The fee will be stated as \$211 but in the end, you should only be charge \$150, unless there is need for a follow-up visit.)

Step 5: Have ready the name and address of the pharmacy you want the prescription dropped into.

They will then get back to you with "Thank you for contacting The Lung Center of America. The cost of a telehealth appointment for Ivermectin is \$211. If you are inquiring about a prophylactic regimen, you will be prescribed 6 months at a time. If you are currently ill with covid, it will be prescribed per the providers instructions. Please visit www.lungcenterofamerica.org and fill out our new patient paperwork. Once that is received by the office, we will contact you for an appointment.

Cost: \$150 - payment by credit card. They will prescribe six months of ivermectin or amount needed if you are sick with CV-19.

If person is acutely ill, the doctor may request a follow up visit after a couple weeks for \$75 additional.
